

## Free 'How-To' guide on hardcover photo bookbinding available in Australia

Learn exactly what's involved in the hard-cover bookbinding process - from Sewing and Casemaking to Casing-In and Building-In with a free 'How-To' guide on hardcover photo bookbinding.

Contact **\*On Demand Machinery** or **Currie Group** to take advantage of this offer and learn about ODM's line of photo bookbinding equipment.

### *\*On Demand Machinery:*

On Demand Machinery manufactures a complete line of bookbinding equipment that enables you to produce on-demand case-bound hard cover photo books in-house.

There's no need to purchase expensive pre-made covers. It's fast and easy to produce your own 'library-quality' hard cover photo books.

The ODM bookbinding system is easily 'scalable' to fit your production requirements.

The ODM Casemaking System, Sticker, Smasher, Super Sewer and Separator enable you to produce 'library-quality' photo books with die-cut windows and end-sheets available in a variety of sizes.
